REENA ABRAHAM

PHP Developer | Laravel & CodeIgniter Expert | RESTful APIs

☎ +971 - 588963991 ✉ contact.reenaabraham@gmail.com

PROFESSIONAL SUMMARY

Proactive and results-driven PHP Backend Developer with 5+ years of experience delivering scalable, secure web applications using Laravel and CodeIgniter. Expert in architecting high-performance backend systems, seamlessly integrating third-party APIs, and crafting clean, reliable RESTful APIs that drive fast, responsive user experiences. Brings a solid foundation in HTML and CSS, with active learning in Vue.js to strengthen full-stack capabilities. Experienced in Agile/Scrum workflows and confident in using Git for version control. Returning from a career break with renewed energy and a strong commitment to adding value to a forward-thinking development team.

PROFESSIONAL EXPERIENCE

Career Break - Parental Leave	Feb 2023 - Present
<ul style="list-style-type: none">• Took a planned career break to care for my newborn while remaining actively engaged in technical learning and skill-building.• Key highlights during this period:<ul style="list-style-type: none">◦ Maintained up-to-date knowledge of Laravel and CodeIgniter through personal projects and advanced tutorials.◦ Began hands-on learning of Vue.js to build modern, interactive front-end interfaces.◦ Built a basic CRUD application using Laravel for the backend and Vue.js for the frontend, gaining hands-on experience with API development, component-based UI, and seamless frontend-backend integration.	

PHP Developer	Dec 2022 - Jan 2023
Lamp Media Tech, Dubai, UAE	
<ul style="list-style-type: none">• Built and maintained dynamic web applications using CodeIgniter and MySQL.• Identified and addressed project scope creep through close coordination with project managers.• Collaborated with front-end developers to ensure seamless integration of server-side logic with front-end design and UI.• Partnered with the SEO team to identify and resolve performance bottlenecks, improving load speeds by 20%.
